## **CDC- VITAL SIGNS Town Hall Meeting**

Teleconference Topic:  
**Prescription Drug Overdose**  
**Tuesday, November 8, 2011**  
**2:00PM – 3:00PM EDT**

### **About Vital Signs Town Hall Teleconferences**

OSTLTS hosts a *Vital Signs* Town Hall Teleconference on the second Tuesday of each month following the release of CDC's *Vital Signs* report. These monthly reports offer recent data and calls to action for important public health topics.

Each month's teleconference provides a forum for you, our nation's health officials, to broaden the conversation, build momentum, and ensure active implementation of evidence-based, effective programs within the public health areas covered by *Vital Signs*. Each teleconference features lessons learned and success stories from the state, tribal, local or territorial perspective.

We know you are busy and your time is valuable, so we are working hard to make these calls relevant and useful to you in your work to protect and improve the health of the public.

### **How to Participate**

You can attend the monthly Vital Signs town hall teleconference by calling the bridgeline below. Participants will be able to ask questions during the Q&A period. Please note, the presentation will be posted to this page just prior to the call. For questions about the town hall, please contact Nitesh Parmar.

For Audio Only Participation:

Step 1) Dial in (USA only): 800-857-0764

Step 2) Enter participant passcode: 795-4413

Assistance for all Participants:

For assistance during the call press \*0 at anytime to speak with the operator
