Announcement

Request for Proposal

Issue Date: December 3, 2012

Purpose

[JBS International, Inc.](#) seeks to competitively award evidence-based projects that enhance disease prevention initiatives and improve health outcomes by:

- a. Increasing routine HPV vaccination coverage for adolescents and persons up to 24 years
- b. Increasing the proportion of adults vaccinated annually against seasonal influenza
- c. Increasing the percentage of adults vaccinated against pneumococcal, zoster, or Tdap

Projects shall align with the goals (and targeted objectives/strategies) described in the [2010 National Vaccine Plan](#), such that they:

- a. Support communication to enhance informed vaccine decision making
- b. Help to improve access to vaccines and coverage rates
- c. Increase awareness of the benefits of preventing death and disease through safe and effective vaccinations

Funded projects must successfully demonstrate how proposed **HPV and/or adult immunization activities** will utilize innovative, evidence-based [strategies](#) (as recommended by the Centers for Disease Control and Prevention (CDC) and the Community Preventive Services Task Force (CPSTF)) to strengthen existing immunization systems.

Eligible applicants are invited to submit a proposal for one of the funding opportunities specific to either Community or Systems Interventions.

Available Funding

Selected applicants will receive **up to \$10,000** (for Community Interventions) **or up to \$50,000** (for Systems Interventions) to complete projects that promote a better system of prevention for adults in the United States and its affiliated Territories.

Submission Deadline

Proposals must be received by JBS International, Inc. (electronically or by mail) and time stamped before **Friday, December 21, 2012 by 3:00 p.m., EST.**
