# Increase Access and Strengthen Health Workforce

**One in 3 people living at or below the poverty level** relies on a HRSA-supported health center for primary medical care

**One in 2 people diagnosed with HIV** receives care through the Ryan White HIV/AIDS Program

**9.7 million people living in health professional shortage areas** receive primary medical, dental or mental health care from a National Health Service Corps clinician

# Increase Access and Strengthen Health Workforce

More than half of pregnant women and more than a third of infants and children benefit from maternal and child health block grants

More than 700,000 rural Americans receive health services thanks to rural community-based grants

About 115,500 parents and children participate in the national Home Visiting Program

About 6,000 life-saving unrelated blood stem cell transplants facilitated annually
