# CDC Program Level FY 2014 to FY 2016 President's Budget

# CDC Grant Funding Profiles

The screenshot shows a web browser window displaying the CDC Grant Funding Profiles page for FY 2014. The browser's address bar shows the URL <http://wwwnd.cdc.gov/FundingProfiles/>. The page features a navigation menu on the left with options like 'What's New?', '2014 data', '2013 data', '2012 data', '2011 data', and '2010 data'. The main content area is titled 'FY 2014 Grant Funding Profiles' and includes a descriptive paragraph and a link to an interactive site. A map titled 'Fiscal Year 2014 Grant Funding by State' is displayed, showing funding levels by state. A legend indicates funding ranges: > \$200M (darkest blue), \$100-200M (medium-dark blue), \$50-100M (medium blue), \$30-50M (light blue), and < \$30M (white). States with the highest funding (> \$200M) include California, New York, and Texas. Other states with high funding (\$100-200M) include Washington, Oregon, and Florida. The page also includes a 'Contact Us' section for the Centers for Disease Control and Prevention, with contact information for Atlanta, GA, and a 'New Hours of Operation' section.

# Factors Influencing Flow of Funding from Federal to Other Levels

- ❑ Congressional authorizations and appropriations directives and limits
- ❑ Eligibility requirements
- ❑ Who applies

## **Factors Influencing Flow of Funding from Federal to Other Levels**

- ❑ Most federal funding awarded via a competitive or merit-based process—not all that apply are funded**
- ❑ Some funding allocated according to a pre-set formula, which may be specified by law**
- ❑ Public health strategies for success vary by health issue**
- ❑ Bottom line: Each funding opportunity is unique**

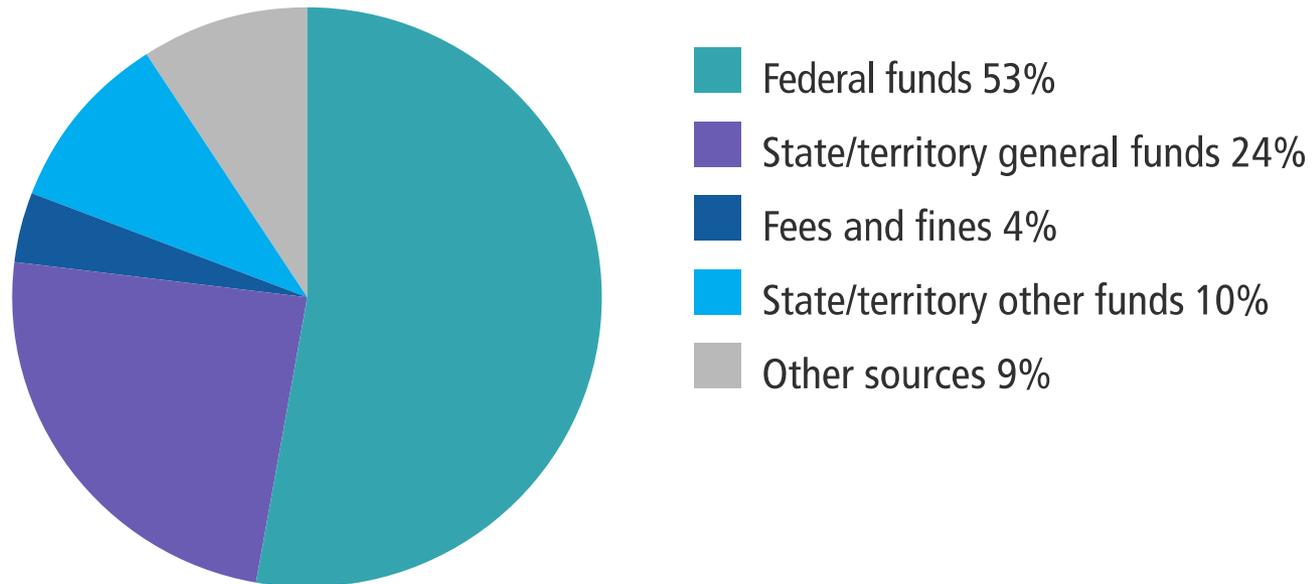

## **Reach of Federal Funding**

- ❑ Awards can be made directly to health departments at all levels, nonprofits, academia, businesses, community organizations, etc.**
- ❑ Awards made to state-level entities may be shared with local entities and/or benefit the whole state**
- ❑ Awards to national associations are used to carry out national public health programs and may include sub-awards to other entities**

## Reach of Federal Funding

- ❑ **CDC fellowships and direct placement of CDC staff supports the public health workforce at all levels**
- ❑ **CDC guidelines, trainings, toolkits, technical assistance, etc., extend the reach of in-house CDC resources to the field**
  - Epi-Aids, outbreak investigation and response, public health law technical assistance, health IT, etc.

## Percentage of State Health Agency Revenue by Funding Source for FY11 (n=49\*)

*\*Note: Not all states provided values for all revenue sources or expenditure categories. Ns range from 35 to 49.*

# CDC Resources for Health Departments

- Funding
- Assignees
- Data for Action
- Workforce Development Resources
- Direct Assistance
- Short-term Technical Assistance
- Communication Products
- Did You Know, STLT Gateway, Vital Signs Town Hall, Prevention Status Reports
- Office dedicated to serving health departments (OSTLTS)

# **THE FEDERAL BUDGET PROCESS**

## Congress May I...? Authorizing Legislation

- ❑ Gives federal agencies the authority to operate
- ❑ Defines activities federal programs are authorized to perform
- ❑ Can be time-limited
- ❑ Can receive new authorities from Congress at anytime
- ❑ Public health authorities are listed in the Public Health Service Act (Title 42 of USC)
- ❑ Cited in agencies' annual budget proposals, funding opportunity announcements (FOAs), etc.

# Federal Agency Budgets: The Bottom Line

- ❑ **Only Congress can raise revenue, borrow funds, and provide funding to federal agencies**
  
- ❑ **Congress decides**
  - What each agency is authorized to do
  - Purpose of the funds
  - Amount of funds
  - Amount of time the funds are available to be spent
  - Other parameters as desired (e.g., who is to receive funding from the federal agency; what agencies and their grantees CANNOT do with federal funds)

# The Three Dimensions of Appropriations Law

Amount

Time

“\$10,000,000 shall be available until September 30, 2018, for acquisition of real property, equipment, construction and renovation of facilities”

Purpose

Source of example: CDC's FY15 appropriations

# Federal Agency Budgets: The Bottom Line

## □ Federal agencies

- Create spend plans that adhere to Congressional intent and funding parameters
- Use the intent and parameters to inform development and implementation of grants, cooperative agreements, and contracts

## □ Grantees and contractors

- Must adhere to the same Congressional intent, parameters, and limits, as well as additional parameters specified by the funding federal agency
- Must ensure that any sub-grants or sub-contracts also adhere

# The Fiscal Year

- ❑ **Federal fiscal year (FY)**
  - Starts October 1 of each year
  - Ends September 30 of the next year
  - FY15 = October 1, 2014–September 30, 2015
- ❑ **State, territorial, local, and tribal governments, and other types of grantees have their own fiscal cycles**

# Fiscal Year Budget Activities Overlap

- ❑ **Always – conducting activities for three fiscal years**
- ❑ **Currently**
  - FY15: Implementing FY15 budget activities
  - FY16: Responding to Congressional hearings, briefings, and inquiries about FY16 budget request
  - FY17: Developing FY17 budget request
- ❑ **When to provide input and feedback, and engage CDC in program and resource planning?**
  - Always – NOW!

# Examples of Factors CDC Considers in Budget and Program Planning

- ❑ **Congressional legislation, appropriations, directives, and priorities**
- ❑ **Guidance and directives – including priorities and funding levels – from White House (through OMB), HHS, and CDC Director and other CDC leaders**
- ❑ **Evidence base**
  - Health statistics
  - Research and program results
  - Known best practices and practice-based evidence
  - Results of ASTHO, NACCHO, and other surveys of public health system

## **Examples of Factors CDC Considers in Budget and Program Planning**

- ❑ National strategies and action plans**
- ❑ Input from stakeholders (e.g., health departments, grantees, national organizations)**
- ❑ FY15 CDC-wide bill language: “\$10,000,000 shall be available until September 30, 2018, for acquisition of real property, equipment, construction and renovation of facilities”**

# Congressional Justification (CJ)

- ❑ How federal agencies request fiscal year (FY) operations & program budgets
- ❑ Justify resources
  - How much, how used, how managed, how effective
- ❑ 3 development phases for CDC's budget
  - **CDC budget request to HHS**
  - **HHS request to Office of Management and Budget**
  - **President request to Congress**

# CDC's FY 2016 Budget Request

The screenshot shows a web browser window displaying the CDC's FY 2016 Congressional Justification page. The page title is "CDC FY 2016 Congressional Justification" and the main heading is "OVERVIEW OF THE BUDGET REQUEST". The text describes the total funding level for FY 2016, which is an increase over the FY 2015 level. It also mentions the CDC program level request. Below the text is a bar chart titled "CDC Program Level FY 2014-FY 2016 President's Budget" showing the program level for each year: FY 2014 (\$7,000), FY 2015 (\$6,830), FY 2016 (\$6,869), and FY 2016 President's Budget (\$7,010).

CDC FY 2016 Congressional Justification

## OVERVIEW OF THE BUDGET REQUEST

The fiscal year (FY) 2016 President's Budget request for CDC and ATSDR includes a total funding level of \$11,519,365,000 in discretionary budget authority, mandatory funding, and the Affordable Care Act Prevention and Public Health Fund (PPHF). This is an overall increase of \$249,953,000 above the FY 2015 Enacted level. The CDC program level request of \$7,010,103,000 (excluding mandatory programs except the Prevention Fund) for FY 2016 is an increase of \$110,685,000 compared to the FY 2015 Enacted level.

The FY 2016 budget request builds on priorities set forth in CDC's FY 2015 President's budget, proposing strategic new investments and identifying targeted reductions that will allow CDC to advance its core public health mission.

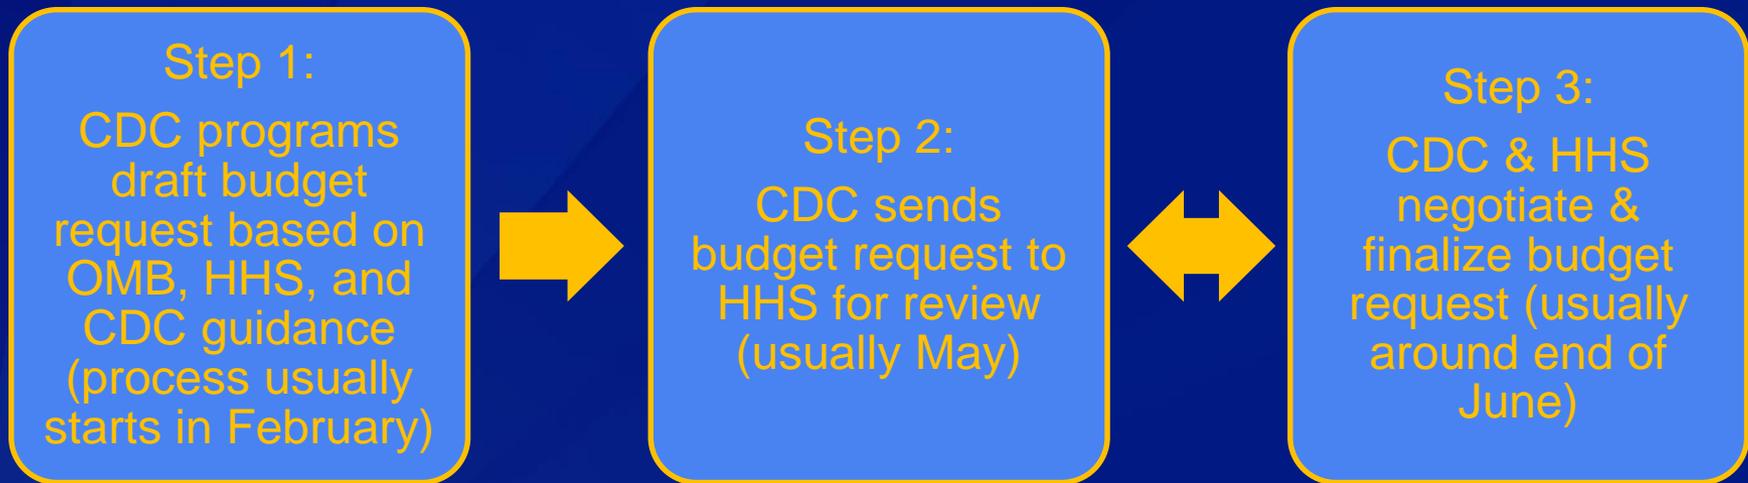

The funding amounts and programmatic approaches described below are changes compared to the FY 2015 Enacted level.

**CDC Program Level FY 2014-FY 2016 President's Budget**

Fiscal Year	Program Level
FY 2014	\$7,000
FY 2015	\$6,830
FY 2016	\$6,869
FY 2016 President's Budget	\$7,010

- Is a request; not necessarily what finally received from Congress
- Statement of funding priorities and strategies for upcoming year
- CDC budget materials:  
[www.cdc.gov/fmo/topic/Budget%20Information](http://www.cdc.gov/fmo/topic/Budget%20Information)

# Federal Appropriations Process CDC Example

# Federal Appropriations Process CDC Example

## Step 4:

HHS sends budget request to OMB for review (usually September)

## Step 5:

OMB, HHS, and CDC negotiate and finalize CDC's budget request (usually September through January)

# Federal Appropriations Process CDC Example

Step 6:  
OMB finalizes  
budget (usually  
January)

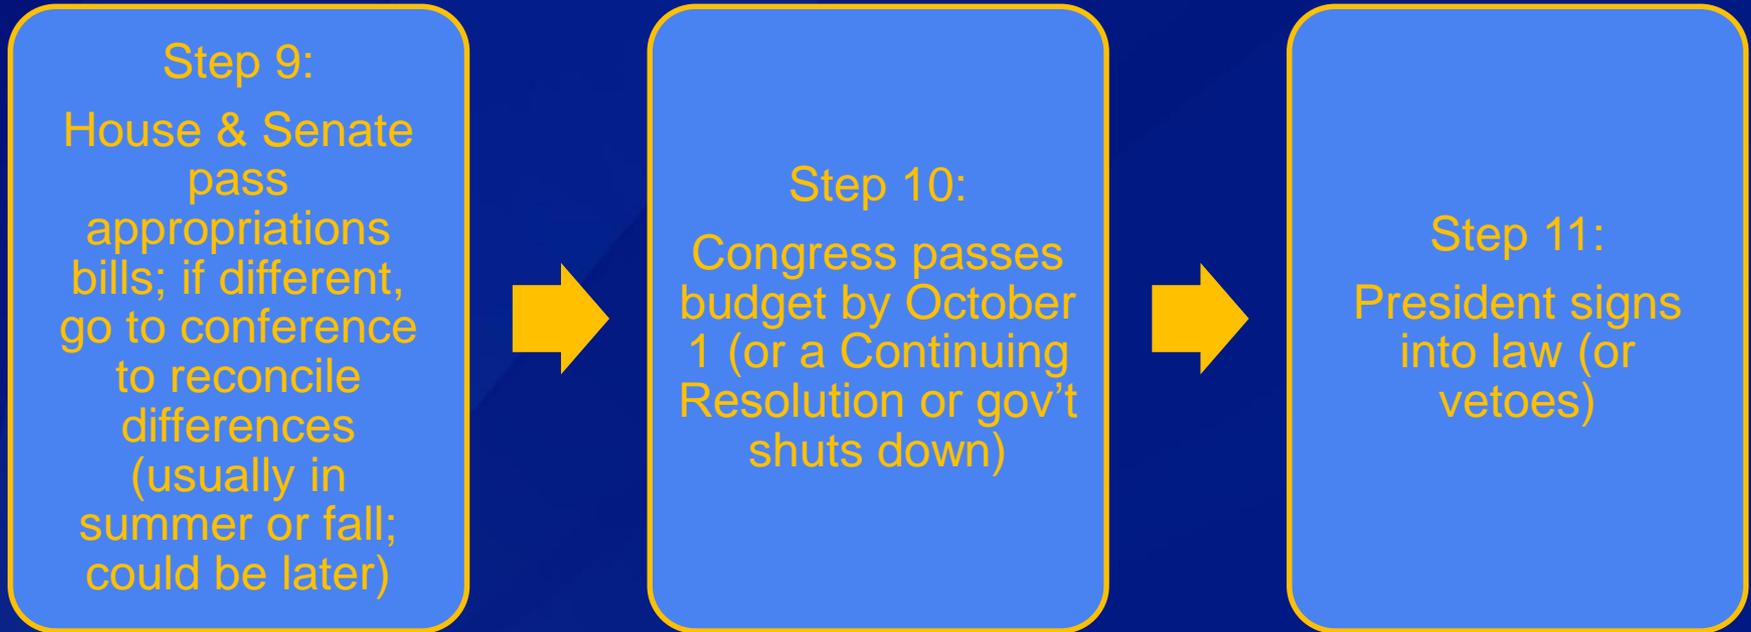

Step 7:  
President submits  
budget to Congress  
(usually 1<sup>st</sup> Monday  
in February)

Step 8:  
House & Senate  
draft and mark up  
appropriations bills;  
hold hearings;  
send requests for  
information to  
agencies  
(February-  
September; could  
start earlier and  
end later)

# Federal Appropriations Process CDC Example

# Ways CDC Receives Congressionally Authorized/Appropriated Funding

- ❑ Annual appropriations process
- ❑ Individual pieces of Congressional legislation appropriating funding, anytime during the FY
- ❑ User fees that Congress authorizes CDC to collect for services (e.g., CDC's Vessel Sanitation Program)
- ❑ Transfers from other federal agencies
  - Funded activities must still fall under CDC's specific authorities
  - Funds must be used according to original Congressional intent and other parameters put on those funds

# **ENGAGING IN THE BUDGET AND PROGRAM PLANNING PROCESS**

## **Communicate with CDC (and Others) Early and Often**

- ❑ Share your community and health department status, needs, barriers, ideas, and success stories**
- ❑ Tell us how federal (and even state and local) priorities, proposals, bills/legislation/regulations, and resource decisions will affect, or are affecting, your health department and the public's health**
- ❑ Tell us how CDC can improve its public health programs, activities, services, processes, and resourcing**

## **Some Key Points in Time to Pay Attention ("Which way is the wind blowing?" moments)**

- ❑ Release of President's budget and federal agency budget materials (usually first Monday in February)**
- ❑ Release of House and Senate budget resolutions (statements of priorities and intent)**
- ❑ Release and markups of House and Senate bills**
- ❑ Congressional press conferences**
- ❑ Congressional appropriations hearings (usually webcast from House and Senate websites)**

## **Some Key Points in Time to Pay Attention ("Which way is the wind blowing?" moments)**

- ❑ Passage and content of final appropriations, including committee reports**
- ❑ Release of funding opportunity announcements (FOAs) from federal agencies that put the appropriations into action**
  - Technical assistance webinars for potential applicants**
- ❑ Initiation of accountability activities and release of those results**

## Communication and Collaboration

- ❑ **Subscribe to CDC's email service for news and updates**
  - [www.cdc.gov/Other/emailupdates](http://www.cdc.gov/Other/emailupdates)
  
- ❑ **Follow CDC Facebook pages and Twitter feeds**
  - [www.cdc.gov/socialmedia](http://www.cdc.gov/socialmedia)
  
- ❑ **Subscribe to Grants.gov alerts for grant and cooperative agreement funding opportunities and FedBizOpps.gov for contract opportunities**

## Communication and Collaboration

- ❑ **Serve on or attend meetings of CDC's advisory committees and provide input to committee members representing you or provide written statement or testimony when applicable**
  - CDC federal advisory committees—  
[www.cdc.gov/maso/FACM/facmCommittees.htm](http://www.cdc.gov/maso/FACM/facmCommittees.htm)
  - CDC/ATSDR Tribal Advisory Committee
  - State, Tribal, Local, and Territorial Subcommittee to the Advisory Committee to the Director
  
- ❑ **Participate in the twice-yearly CDC/ATSDR Tribal Consultation or request a specific tribal consultation**

# Communication and Collaboration

- ❑ **Communicate challenges and needs at anytime to CDC**
  - The Tribal Support Unit in CDC's Office for State, Tribal, Local and Territorial Support can link you to the right place within CDC and help address your issue
  - If you are a current grantee, let your project officer know about any specific challenges or issues that might be addressed in the current or next grant cycle
  
- ❑ **Share lessons learned with CDC and the Field**
  - Submit facts and news from the field to "Have You Heard?"
    - [www.cdc.gov/stltpublichealth/haveyouheard](http://www.cdc.gov/stltpublichealth/haveyouheard)
  - Submit articles to MMWR and CDC-led journals

# The Federal Register

- ❑ **Official publication of the US Government Informs citizens of their rights and obligations**
  - Documents the actions of federal agencies
  - Provides a forum for public participation in the democratic process
  - Is published daily Monday–Friday, except federal holidays
- ❑ **Federal agencies legally required to publish certain items**
- ❑ **Official site**
  - [www.archives.gov/federal-register/the-federal-register](http://www.archives.gov/federal-register/the-federal-register)

# Federal Register

## □ Four types of entries

- Presidential documents (e.g., executive orders and proclamations)
- Rules and regulations (e.g., policy statements and interpretations of rules)
- Proposed rules (e.g., petitions for rulemaking and other advance proposals)
- Notices (e.g., scheduled hearings and meetings open to the public, grant applications, administrative orders, and other announcements of government actions)

## Using the Federal Register

- ❑ **Consider how information affects your program and stakeholders**
- ❑ **Provide input and comments**
- ❑ **Make stakeholders aware of opportunities to provide input and of items that affect them**

Your Voice in Federal Decision-Making

- ❑ **Participate today!**
- ❑ **Submit your comments about proposed regulations and related documents published by the US federal government**
- ❑ **Use this site to search and review original regulatory documents and comments submitted by others**
- ❑ **Help improve federal regulations by submitting your comments**

# **FUNDING APPLICATION TIPS**

# Funding Opportunity Announcement (FOA) Application Tips

- ❑ **Register agency in Grants.gov**
  - Update profile information as needed
- ❑ **Set up alerts in Grants.gov, especially for updates to a specific FOA**
- ❑ **Make connections before it's time to partner on an application**
  - This can include grant writing assistance

## **FOA Application Tips**

- ❑ Attend all agency technical assistance teleconferences for FOAs**
- ❑ Ask questions of FOA contacts when needed**
- ❑ Partner with an eligible organization on a funding proposal, if you are not directly eligible**

## Additional Considerations

- ❑ **Explore using an administrative partner**
  - An administrative partner can help a government entity (such as a health department) process federal grants and ensure compliance with grant requirements
  - [www.cdc.gov/stltpublichealth/GrantsFunding/expediting.html](http://www.cdc.gov/stltpublichealth/GrantsFunding/expediting.html)
  
- ❑ **Propose using some FOA funding to prepare for and sustain public health accreditation**
  - Instructions for doing this are in CDC FOAs
  
- ❑ **If allowable and desirable, propose using direct assistance in FOA applications**
  - [www.cdc.gov/stltpublichealth/GrantsFunding/direct\\_assistance.html](http://www.cdc.gov/stltpublichealth/GrantsFunding/direct_assistance.html)

# Make Your Case With Data

The screenshot shows the CDC National Center for Health Statistics website. The main heading is "National Center for Health Statistics...Monitoring the Nation's Health". Below this is a section titled "Nation at a Glance" with the text: "Which state has the most wireless-only households? Which has the least? How wireless-only is your state? Explore our interactive map of state-level wireless substitution data from the National Health Interview Survey, 2012." To the right of this text is a map of the United States with state abbreviations. Below the map are five numbered buttons (1-5). Below the "Nation at a Glance" section is a "FEATURED TOPICS" section with a photo of Dr. Kathryn Porter and the text: "Ask the Expert: Dr. Kathryn Porter. What to do with 23 years' worth of genetic samples collected through the National Health and Nutrition Examination Survey (NHANES)? Dr. Kathryn Porter discusses the history of NHANES and genomic research, and issues facing population-based surveys." To the right of this is a "QuickStat of the WEEK" section with a bar chart showing percentages for three categories: Overall, 20-29 yrs, and 30-39 yrs. The bar chart shows that the 20-29 age group has the highest percentage, followed by the 30-39 age group, and then the overall average. The y-axis is labeled "Percentage" and ranges from 0 to 30. The x-axis has three categories: Overall, 20-29 yrs, and 30-39 yrs. The overall average is approximately 25%, the 20-29 age group is approximately 28%, and the 30-39 age group is approximately 18%.

[www.cdc.gov/nchs](http://www.cdc.gov/nchs)

[www.cdc.gov/nchs/data/data\\_access\\_and\\_resources\\_booklet\\_web.pdf](http://www.cdc.gov/nchs/data/data_access_and_resources_booklet_web.pdf)

# Make Your Case With Data (cont.)

The screenshot shows a web browser window displaying the CDC website. The address bar shows the URL <http://www.cdc.gov/stltpublichealth/psr/>. The page title is "CDC - Prevention Sta...". The browser's address bar and menu are visible at the top. The main content area is titled "State, Tribal, Local, and Territorial Public Health Professionals Gateway". A sidebar on the left contains a "STLT Gateway" menu with items like "Stay Connected", "About CDC and the Public Health System", "Science and Research", "Accreditation and Performance", "Prevention Status Reports (PSRs)", "About the PSRs", "Excessive Alcohol Use", "Food Safety", "Healthcare-Associated Infections", "Heart Disease and Stroke", "HIV", "Motor Vehicle Injuries", and "Nutrition, Physical Activity, and Obesity". The main content area features a "STLT Gateway" section with social media sharing options (Recommend 118, Tweet 33, Share) and a "Prevention Status Reports" section. The "PSR | 2013" section includes a brief description of PSRs and a link to "More about the PSRs". Below this is a "Health Topics Covered by the PSRs" section with four cards: "Excessive Alcohol Use" (88,000 US deaths), "Motor Vehicle Injuries" (32,000 US deaths and 2.6 million injuries), "Food Safety" (48 million Americans get sick), and "Nutrition, Physical Activity, and Obesity" (17% of children are obese). A sidebar on the right contains "Email page link", "Print page", "Get Email Updates", and "Tell us what your think!". At the bottom right, there is a "Put this button on your website:" section with a "CDC How is your state doing? Prevention Status Reports PSR | 2013" button. The browser's taskbar at the bottom shows several open applications, including Microsoft Word, Outlook, and Lync, and the system clock shows 5:02 PM.

# Use and Reference – National Health Initiatives, Strategies, and Action Plans

- ❑ Inform, enhance, and guide public health efforts across the US
  - Produced by federal agencies, national organizations, and others
  - Sometimes led by independent advisory bodies
  - Includes input from multiple stakeholders
  - Provides shared understanding of the issues; roles and responsibilities of stakeholders; and goals, strategies, activities, measures, and targets
- ❑ CDC webpage linking to select national plans  
[www.cdc.gov/stltpublichealth/Strategy/index.html](http://www.cdc.gov/stltpublichealth/Strategy/index.html)

# Use and Reference – Guidelines, Recommendations, Laws, and Regulations

- ❑ Also inform, enhance, and guide public health efforts
- ❑ Can apply across sectors and multiple stakeholders
- ❑ Examples:
  - CDC Guidelines and Recommendations  
[stacks.cdc.gov/guidelines](https://stacks.cdc.gov/guidelines)
  - The Guide to Community Preventive Services  
[www.thecommunityguide.org](http://www.thecommunityguide.org)
  - US Preventive Services Task Force  
[www.uspreventiveservicestaskforce.org](http://www.uspreventiveservicestaskforce.org)
  - Regulations.gov  
[www.regulations.gov](http://www.regulations.gov)
  - Laws (federal, state, local levels)
    - Federal – [www.congress.gov](http://www.congress.gov)

# Use and Reference – Quality Standards

- ❑ Increase consistency and quality across the public health system
- ❑ National Public Health Performance Standards (NPHPS)
  - Developed by seven national public health partners
  - Used to improve the quality of public health practice and the performance of public health systems
  - Standards
    - Are designed around the 10 essential public health services
    - Focus on the overall health system
    - Describe an optimal level of performance
    - Support a process of quality improvement
  - More information: [www.cdc.gov/nphpsp](http://www.cdc.gov/nphpsp)

# Grant Writing Guidance and Tips

The screenshot shows a web browser window displaying the CDC website. The address bar shows the URL: <http://www.cdc.gov/stltpublichealth/GrantsFunding/grant-writing.html>. The page title is "State, Tribal, Local, and Territorial Public Health Professionals Gateway". The main content area is titled "Grant Writing Guidance and Tips" and includes sections for "CDC grants information", "CDC contracts information", "Grants process overview", and "Grant writing tip sheets". A left sidebar contains a navigation menu with "Grant Writing Guidance" highlighted. A right sidebar offers options like "Email page link", "Print page", and "Subscribe via RSS". The Windows taskbar at the bottom shows various open applications and the system clock at 3:26 PM.

## Office of the Chief Financial Officer

CDC's Office of the Chief Financial Officer (OCFO) serves CDC/ATSDR and the public by providing leadership for the agency's budgetary and accounting initiatives. In addition, OCFO ensures that CDC accomplishes its public health mission through agency-wide fiscal accountability and oversight, and supports CDC's public health mission to "save money through prevention" by ensuring appropriate fiscal stewardship of the tax payer dollar.

## The Legislative Process

[JPG \(179KB\)](#) | [PDF \(530KB\)](#)

Nine videos explain each of the common legislative stages, and that the process by which a bill becomes law is rarely predictable.

## The Congressional Record

Read the [latest legislative activity](#).
