METHODOLOGY

- 2022 American Community Survey (ACS), five-year estimates.
- Data are based on a sample and are subject to sampling variability.
- The report compares 2012 to 2022 data since 2012 was the year before the full implementation of the Affordable Care Act in 2013.

METHODOLOGY (CONT.)

- American Indian/Alaska Native population is defined as people who self-reported as American Indian or Alaska Native (AI/AN) alone or in combination with one or more races.
- Foreign-born are included in the AI/AN population estimates within this report.
- Due to differing life expectancies and their impact on enrollment rates, we do not adjust for age in our analyses.

DASHBOARD: AGE DISTRIBUTION

Comparison of age distributions for AI/AN and the Overall Population in each state, DC, and the United States.

California

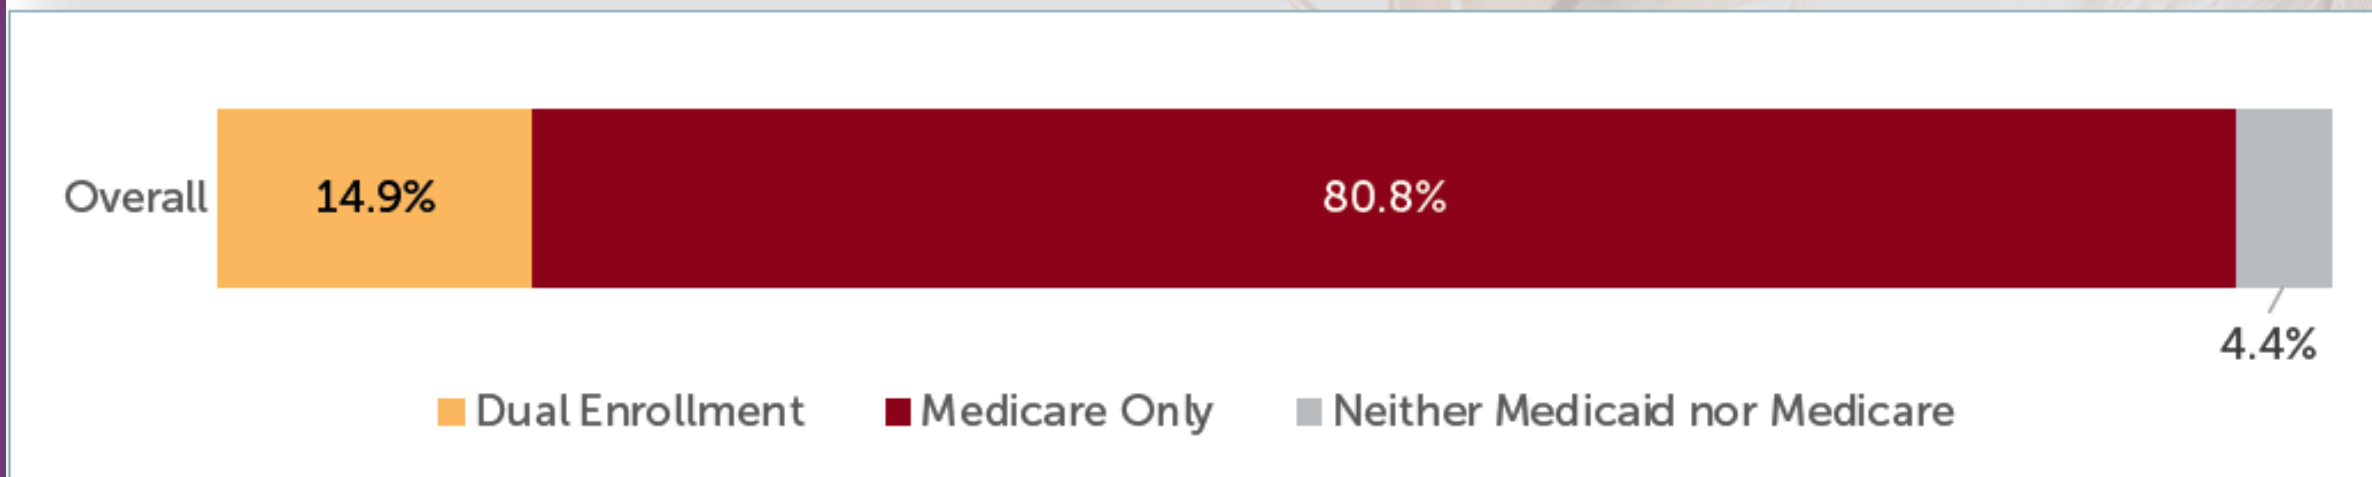

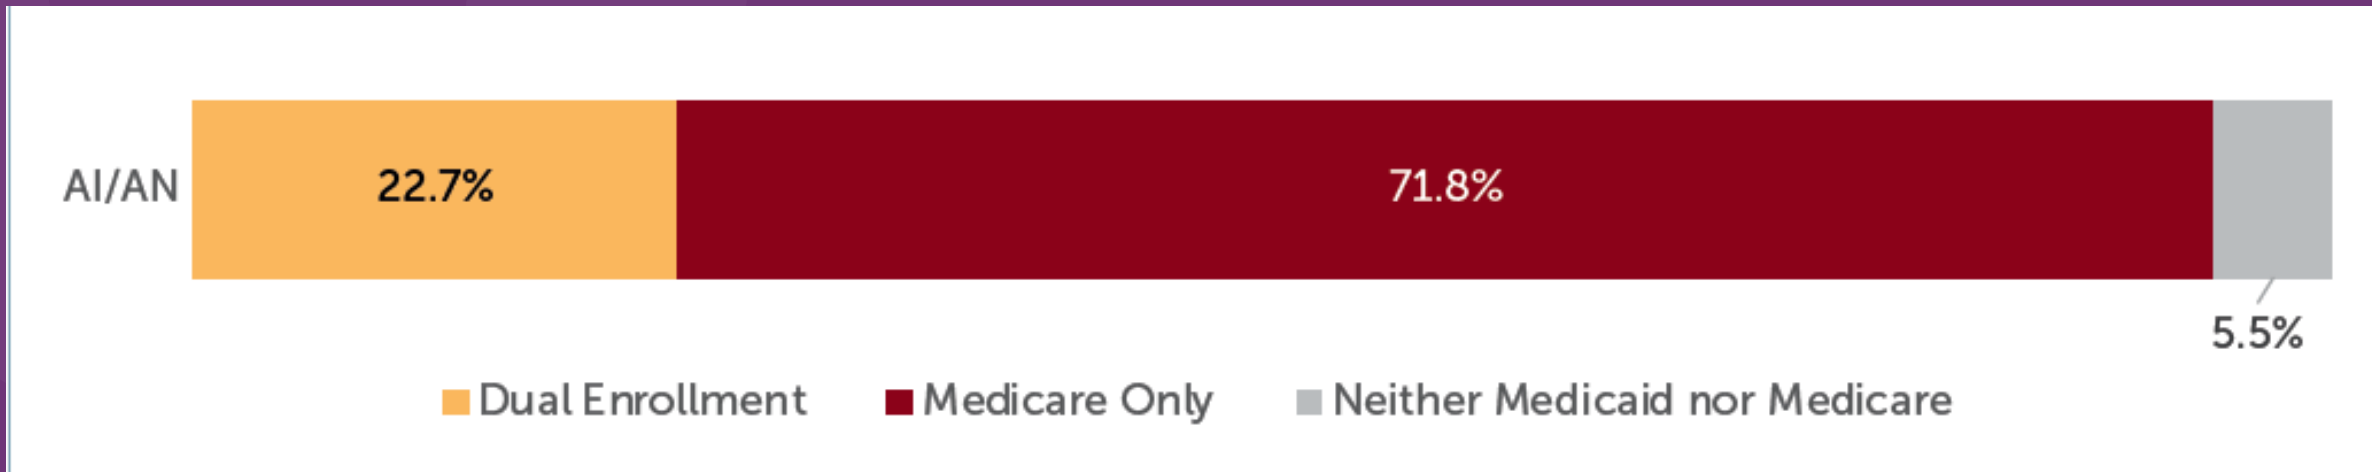

Wyoming

DISCUSSION: DUAL ENROLLMENT RATES

How do you think dual enrollment rates for AI/ANs 65 and older in Medicaid and Medicare compare to the Overall population?

OVERALL TRENDS: DUAL ENROLLMENT RATES

United States

EXAMPLE: OREGON

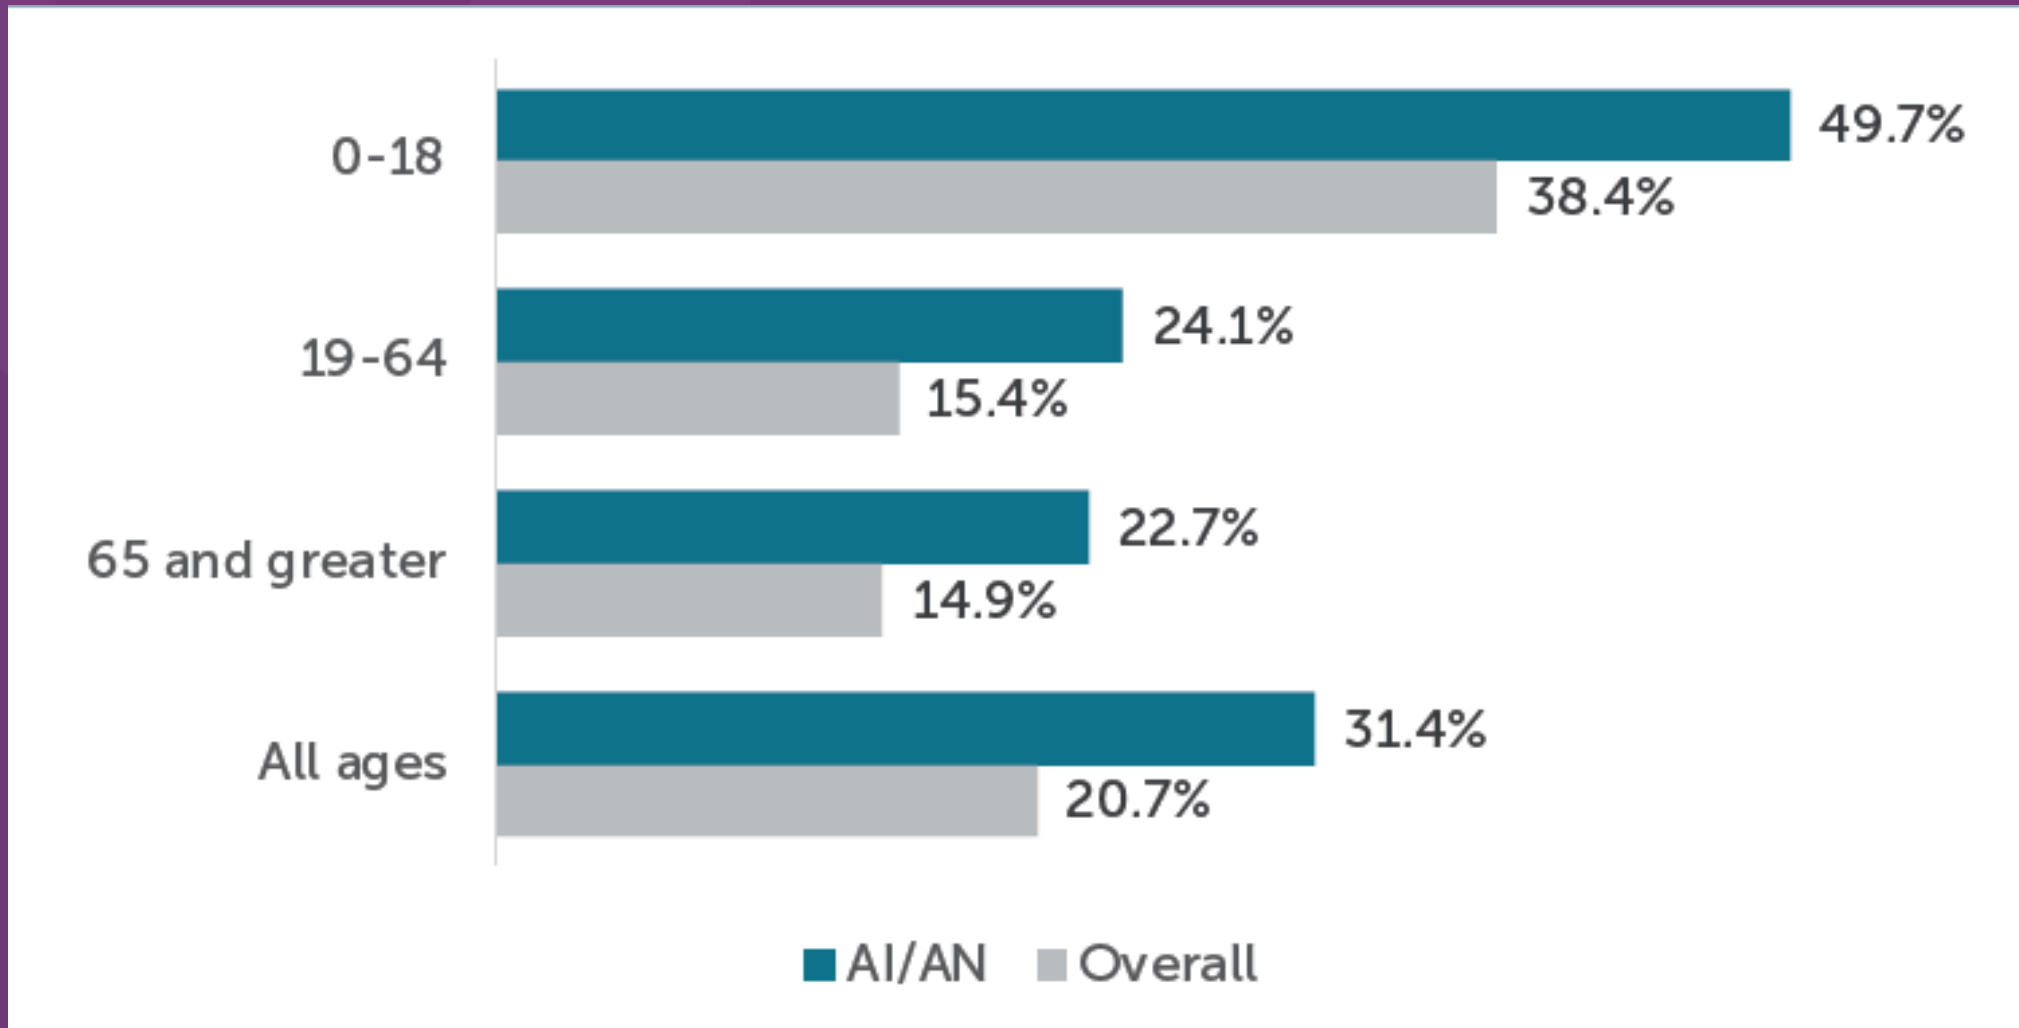

Oregon

DISCUSSION: MEDICAID ENROLLMENT RATES

How do you think AI/AN Medicaid enrollment rates differ by the age groups: 0-18, 19-64, 65 and up?

How do you think AI/AN Medicaid enrollment rates compare to the overall population's Medicaid enrollment rates?

OVERALL TRENDS: MEDICAID ENROLLMENT RATES BY AGE

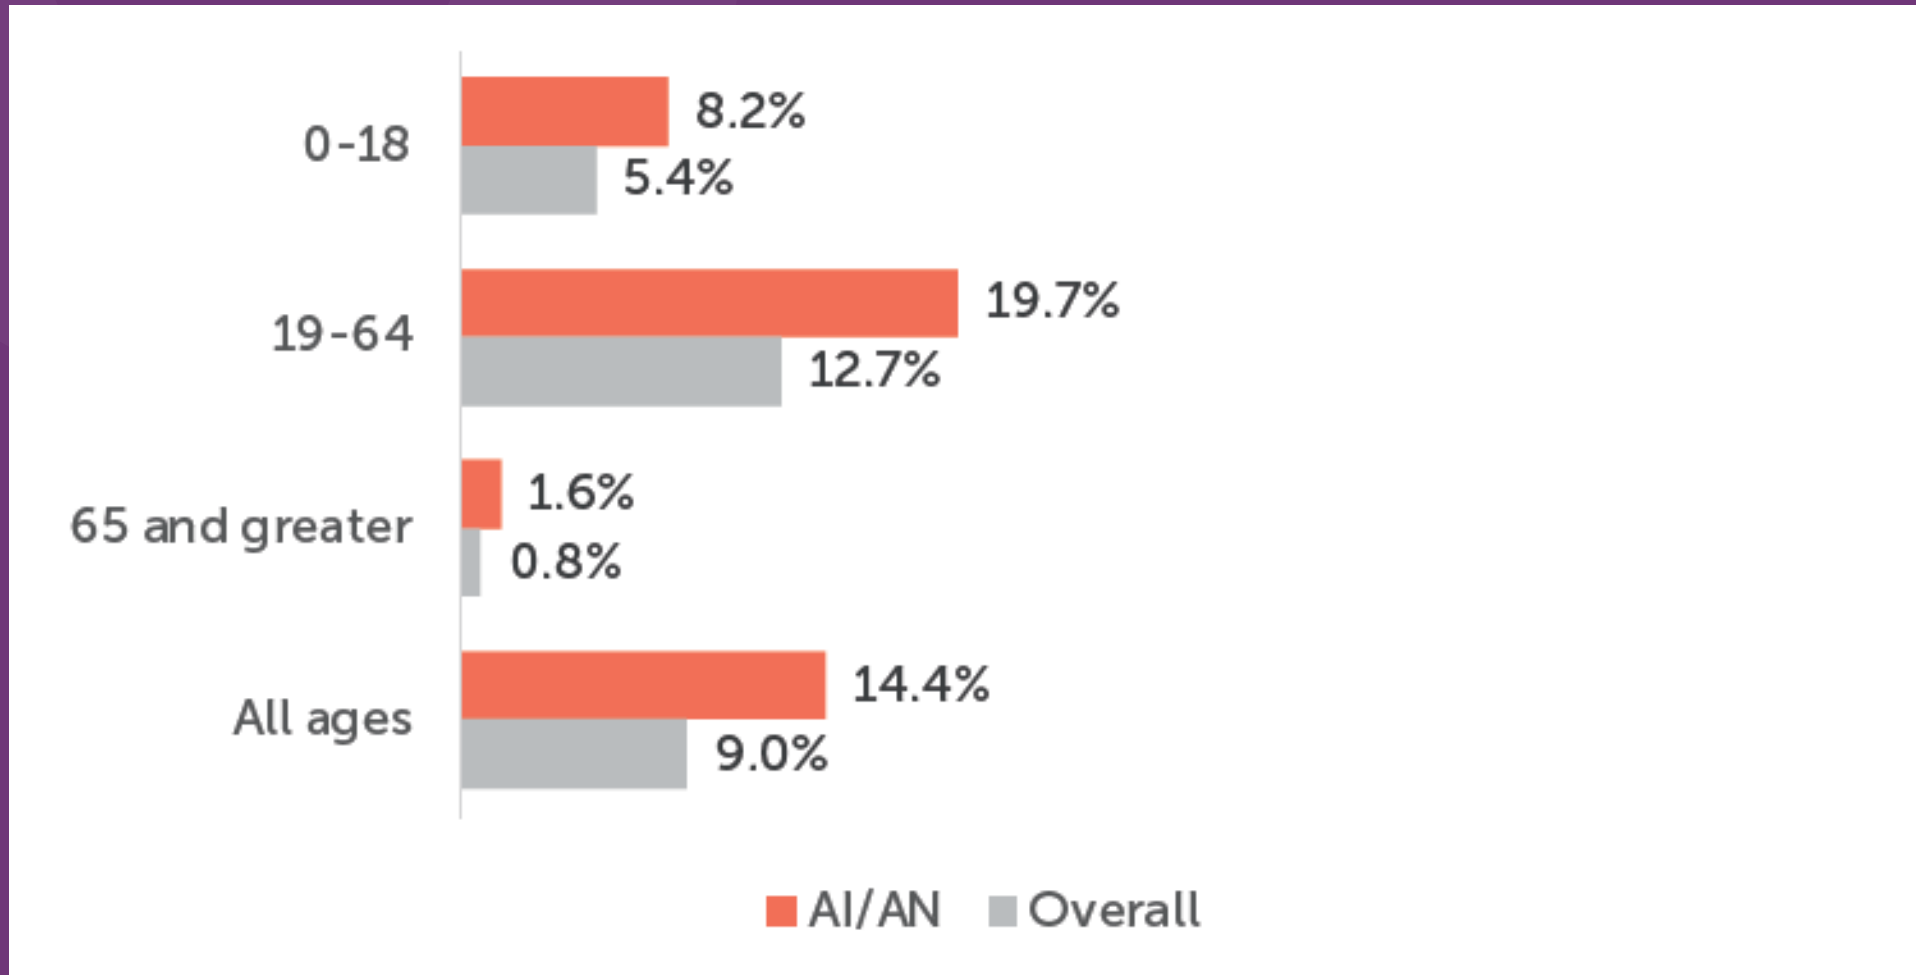

United States

DISCUSSION: UNINSURED RATES

How do you think AI/AN Uninsured rates differ by the age groups 0-18, 19-64 and 65 and up?

How do you think AI/AN Uninsured rates compare to the overall population's Uninsured rates?
